RADICAL HOSPITALITY

When you think of hospitality, it is a word that is often associated with Southerners. Recently though it seems like it is harder to find. Bad service at a restaurant, rude employees, long waits, poor quality...and the list goes on. As bad as that is when you are the paying customer, imagine the consequences of that sort of service at a church. Now we are talking about eternal consequences. How a first time visitor is treated at our church, could be the difference between them hearing and receiving the gospel or being turned off by church and spending an eternity in hell.

With that in mind, beginning October 17th, PBC at both locations, is going to implement what we call radical hospitality. It is a part of our First Impressions Ministry. We want to make a great first impression for all those guests God sends our way. To that end, we are looking for ambassadors who are willing to go the extra mile to extend Christian Hospitality. We will be discussing this more in the near future, but if you think God is calling you to be one of our ambassadors, contact the church office at either location and let them know of your interest.
